Sarah and Joe,

On November 27, 2018 at a regularly scheduled meeting of the Grande Ronde Model Watershed Board of Directors, your proposal titled **UGR Small Streams Restoration Project** was reviewed. (Please note that for our records, the initials HWI have been added so we can distinguish Headwaters Initiative projects).

The GRMW staff recommendation was to fund the proposal as submitted. The GRMW Board recommended to fund this project in the amount of **\$64,243**. These will be **BPA Fish & Wildlife HWI funds**.

GRMW is aware that this is the first of a planned 3-year action. Please keep the IT informed of future plans as you move ahead.

If you have questions about the Board's decision, please call Jesse Steele and/or me. In the meantime, please work with Tracy Hauser at BPA to begin contracting.

Sincerely,  
  
Jeff Oveson
